Report of the Municipalities of Serungapatam and

Nyanee for the year 1873-74

The Estimated income under Octroi during 1873 74 would be Rs 3, 426, Inhabitants Rs 5,145-8 sale of lands and houses Rs 30, Fines under Municipal Rules which fines imposed on Public Servants Rs 20 fines for cattle trespass Rs 100 and fines for the breach of Municipal Rules Rs 30 are included would be Rs 150, and Miscellaneous in which the following description of items are included would be Rs 250 Viz, amount realised by manure Rs 100. Rent of land for timber deposited on Public Grounds Rs 38, realization from dried trees fallen within the Municipal limits Rs 12. Town Anvoy Rs 100 thus making a total income of Rs 9,000 to this the probable balance of Rupees 2, 426. 2. 6 that will remain in hand on the 31st March 1873, if added, would bring a total of Rs 11, 426, 2, 6.

The cost on account of Establishment charges

charges viz Rs 1428 for the Fund collection or Octroi Establishment Rs 312 for the collection of Inhabitfa Rs 4164 for Police Rs 1884 for conservancy, and Rs 32 for the pay of the writers entertained in the Diversion, Dist and Municipal Presidents Offices, making a total of Rs 9,114 has been entered in the Budget, which is just the same as last year with the exception of Inhabitfa Establishment. In addition to which Rs 200 have been entered under miscellaneous heading to meet the expence for purchasing tools and for any unforseen expenditure required for the Municipality during the year under report.

Should be above sum as well as Rs 80 provided for repairing the road leading to Rama Doulut Garden as all Rs 394 be deducted out of the total Estimated income, there will be a balance of Rs 3032, 2, 6 remaining on hand, which sum will not be available till after the end of December 1873, when the collections of Inhabitfa commences, hence no more works could be on

undertaken during the year, but only one which requires immediate attention i.e, the repairing Roads from Mysore high road as far as the outer vale of the Dana Doubut Garden, the probable cost of which will be Rs 80 has been entered in the Budget.

There being no Original works under contemplation statement No II has been submitted as blank.

The actual income and expenditure during the past year 1871 72 as well as for the first half of the current and of past years are duly inserted in accordance with the headings laid down in the forms.

The entries under Mohalunga "Actual Receipt for 1872 73 are based on Estimated income.

The percentage of Estimated income as well as the expenditure have also been duly entered to the best of my comprehension of the headings, and should it be incorrect, I beg the favor of detailed instructions on the subject

The amount of Rs 2,426. 2. 6 entered as

balance of last year 1873-74 is only the probable sum that would remain in hand on the 31st Dec 73 after which date the income would be only from Octroi and Miscellaneous items, which do not in a month exceed Rs 350, at an average, while the amount required monthly to pay the Establishments is about Rs 600 the difference is intended to be met out of the above balance till larger amount is collected in December and following months on Mohalwara.

Municipal Boards Office

Dated Mysore 29th May

To,

The Commissioner

Bobbili

Sir,

In submitting the accompanying Annual Returns for the financial year 1874/75, ending 31 March 1875, I have the honor to report as follows —

Committee of Management

There has been no change or addition to the number of members during the year under report —

Receipts

The year under reference exhibits an actual receipt of Rs 85,575-14-8 from the sources as particularized in the accompanying Statement A, which shows a decrease of Rs 324-1-4 from the Budget Estimate, and an increase of Rs 4825-9-4 over the actual income of the previous year —

It will be observed from the above Statement that under the head Octroi, there is a net increase of Rs 1179-8-9 over the Budget Estimate — The increase

is chiefly owing to the actual collection of duty on piece goods being Rs. 11847-9-3 whereas the Budget Estimate was only Rs: 10400, although after the introduction of this duty, the Budget was framed and the Estimate was based upon the actuals of nine months.—

There is also some decrease from the Estimate in the collection of duty on several articles of Cotton, which is to be attributed to the quantity imported into the Town, being less during the year under report

A sum of Rs 1000 was estimated under the head tax on licenses &c in the Budget for the year under review, and the amount actually collected up to end of March last was only Rs. 587—— 6 plus Rs: 836-4- remaining uncollected up to that date — thus showing a net decrease of Rs 413-9-2 which is partly owing to the large no of houses left unoccupied and partly to the remissions granted by the Board in favor of poor persons living

being more than that of the year previous
Under the head "Tax on trades" &c
a sum of Rs 8233 2 has been collect
ed, which shows an increase of Rs
233-2. over the Budget Estimate
This increase owing to the revision of
Shop tax during the year 1933/4
It was anticipated that the sum
of Rs: 300 would be realized of the
the sale of lands, but none was sold
during the year —

There is some slight increase and
decrease in other Items of Receipt in
Statement A as compared with the
Budget Estimate, which do not require
any explanation —

Sale proceeds from Smuggled
Articles &c. ——— 579 11 9
Spirituous
Liquors ——— 1933-1-10
Sale proceeds from
manure ——— 96-11-"
Fees collected on
Fines realized ——— 17-7-"
Sale Proceeds from
Unserviceable articles ——— 38-10-"
Total 922-7-7

The amount, being Rs 922-7-7 entered under the head "Fees Fines Licenses"

realized from the different sources noted in the margin.

The total expenditure during the year was Rs: 79363 g. 3 being Rs: 14900 in excess of that of the previous year -

Drainage works	A sum of
Town Drainage ——— 6529.12	Rs 27873-4-
Roads & Streets ——— 8273-7-4	was expended
Conservancy ——— 3755-8-	during the
Improving wells ——— 15 4-1-6	year on
Supply of water	
Maintenance	
Projects ——— 1691-15-	

works shown in the margin

Town Buildings.

During the year 74 75 Latrines, 23 C and 1 Brick in Chinnam minda. - Tiled verandahs in front of Market Shops and a Laundry Stand, have been built, and the Revenue Office in the market was thoroughly repaired. An estimate amounting to Rs. 24547 has been sanctioned by the Survey Commissioner in January last for the construction of a new market in Kandy Moholla, (2) No. 1306. 1. Houses have been paid as compensation for the latter amount it is proposed to spend the building.

It is anticipated that the building in question will be completed by the end of the current year –

The Clock Tower which was in the course of construction at the end of last year, has been almost completed and the new clock has been placed in it; the work remaining to be executed for its completion being stone steps and a floor to the loft – The original estimate which amounted to Rs 4600 has been raised to Rs. 5605-7 under the authority conveyed in Secy's letter No 6970/267 of 28 Dec. 1895- as the work could not be carried out at the rates & qs allowed in the Original Estimate – The amount expended thereon up to end of March 1894 was Rs 2476-8-3 and that expended during the year under report is Rs 1863 11 11

Paving and Streets. A sum of Rs 5005 18 has been expended in metalling 10/ roads named in Statement B An estimate amounting to Rs 1664 5 to be spent out of the Savings of previous years was sanctioned in Dec last by the Chief Commr for metalling other

other roads in the Town.- As the whole work could not be finished before the end of March 1895 a sum of Rs. 2704-4-. has only been spent, and as the work is still under progress, a report will be submitted as soon as the work is completed- An Estimate amounting to Rs. 1018-3-4 was sanctioned by the Chief Commissioner for filling up several trenches in the Town and the amount actually spent there on up to end of March last was only Rs: 564-3-8.

Drains.- During the year 7 V Shape and 10 Brick in Chunam and stone drains have been constructed at a total cost of Rs 983-8- in the cost of the former was Rs 912-4-10 and that of Retaining Wall Rs 70-3-8

Improving wells. As the people of the Town were suffering very much from want of water, in the early part of the year, the wells shown in the Statement B were deepened and improved at a cost of Rs 1182-2-6 and 2 wells which were dug out by the Municipality last year and

and which contain good drinking water have been revetted at a cost of Rs: 361-15.

Surveying A sum of Rs: 1692 15- has been spent under this head on account of the pay of Surveyors &c entertained before the establishment of a Separate Depot for the Mysore water Supply and Drainage Duran Repairs. A sum of Rs: 3471 10. 3 was spent under this head during the year 1874/75.

The roads in the Town wherever found necessary were repaired, side Channels were excavated in different roads, the avenue trees were maintained, several drains were repaired, a Bridge was widened the market buildings were repaired, the roads were watered during the hot season and Sundry other repairs were carried out. —

Establishment. A sum of Rs. 41,579-15-5 has been spent in maintaining the Establishments

shown in the Statement A

The Town Police Force ~~Guard~~

has been provided with new clothing at a total cost of Rs 2265-10-8 -

lighting. A provision of Rs 3000 " " made in the Budget for the year under this head, whereas the actual expenditure amounts to Rs 3229-11-8, which is Rs 229-11-8 in excess of the Budget grant - This increase is owing to the quantity of Kerosene oil purchased being more than was actually required for lighting lamps during the year, and there was therefore a Surplus of 400 Gallons of Kerosene oil on the 1st of April 1875 -

Twelve new Iron Lamp posts with lanterns were purchased during the year, and they were fixed in different places in the the Town - Kerosene Lamps have been substituted for those lighted with Lamp oil -

In conclusion I beg to bring your notice that when I assumed charge in January last there was

an

outstanding of Rs: 4975-14 - to be collected + In collecting this amount It has not been found necessary either to attach or sell any property; and there only remains up to date a small sum of Rs. 29-2-2 to be recovered. -

Several works which were in progress and for which estimates amounting to Rs: 15000 had been sanctioned have been completed

I have the honor to be &

MYSORE CHIEF COMMISSIONER'S OFFICE
Bangalore, 30*th July* 1872.

GENERAL CIRCULAR.

To

The Superintendents of three Divisions and Coorg.

SIR,

I am directed by the Chief Commissioner to inform you that, on the following explanation being furnished, the Government have been pleased to exempt from the operation of the rule relating to the gift or grant of lands to private individuals, the building sites on *unassessed* land granted to ryots who are *bonâ fide* cultivators of Government land and who pay assessment thereon to Government.

a. On a plot of land being allotted for building purposes to a *bonâ fide* cultivator of Government lands, it becomes his absolute property, even though he should thereafter, from any cause, cease to cultivate such land. In the latter case, however, he would be immediately charged under the Mohatarfa Rules, according to the prevailing rates in the village, house tax from which as an agriculturist he had hitherto been exempted. Or should the house change hands from an agriculturist to a non-agriculturist the tax would be similarly imposed.

b. Such grants are also made to others who pursue different avocations, but they not being agriculturists, or otherwise specially exempted, would be charged house tax at once.

c. The building sites are always given from the village sites or unculturable lands as far as they will go; but in the event of more being required for new settlers, or for purposes of sanitary improvement, culturable waste is sometimes given, should the necessity arise therefor.

d. Very occasionally also, where no other is available, rent paying land is given, as a special case, the assessment on the land so assigned being remitted, and its extent deducted from its former nomenclature, and added to the area of the village site.

2. In the case however of assessed lands, it will be necessary to report to the Government of India any assignment thereof, which is accompanied by a remission of assessment, and Colonel Meade desires me to add, that no grants that may involve the necessity of the remission of the existing assessment may be proposed, except under very special circumstances.

3. A form to be filled in showing all applications for grants for building sites whether on assessed, or unassessed lands, will be forwarded to you shortly, which should be submitted to this office for the Chief Commissioner's sanction but applications for land for building sites within the recognized limits of the village site, may be disposed of as heretofore.
